

## MEDICARE SAVINGS PROGRAM TESTIMONIAL

Mr. Stefani ordered regularly through Canada Drugs before January 2009 when he began using the Medicare Prescription Drug Program. Since then, he has been spending nearly \$6,600.00 out of pocket for his prescriptions annually.

Mr. Stefani reaches the “Catastrophic Phase” of the Medicare Prescription Coverage where he enjoys the benefit of only paying 5% of his prescription costs. However, the cost to reach this benefit during the coverage GAP is far more expensive than if they ordered through Canada Drugs for the entire year.

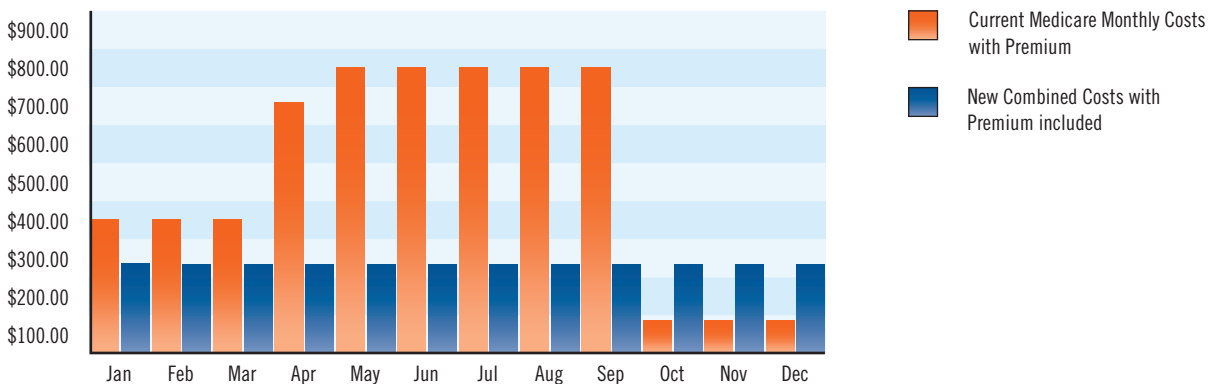

Mr. Stefani's Total out-of-pocket Medicare costs for 2008:	<b>\$6,600.00</b>
Annual out of Pocket costs through Canada Drugs:	<b>\$4,000.00</b>
Annual Medicare Premium:	<b>\$416.00</b>
Canada Drugs Balanced Prescription Strategy costs:	<b>\$4,416.00</b>
Annual Savings through Combined Strategy:	<b>\$2,193.00</b>

### Mr. Stefani's Personal Savings Strategy for 2009

MEDICATIONS	MEDICARE	CANADADRUGS.COM
Aciphex 20mg	-	\$419.28
Cordran Lot.	\$489.72	-
Cozaar 25mg	-	\$425.00

Glimepride 2mg	\$86.12	-
Januva 100mg	\$743.66	-
Nasonex 50mcg	-	\$139.95
Plavix 75mg	-	\$612.00
Simvastatin	\$102.92	-

### Medicare compared to CanadaDrugs.com

The chart below shows Mr. Stefani's monthly costs before the Balanced Canada Drugs strategy in orange. The monthly costs after our strategy are indicated in blue.

During the coverage GAP where he pays 100% out of pocket locally, Mr. Stefani spends over \$5,000.00 until he reaches the Catastrophic Phase in September. If his total out of pocket a cost for 2008 was about \$6,600.00, the majority of that cost occurs during the coverage GAP. The total cost to order through Canada Drugs annually would have been approximately \$4,000.00 which is \$1,000.00 less than the GAP cost and \$2,500.00 less all together. That's \$2,500.00 that could have stayed in his pocket.

Mr. Stefani and his wife are now ordering again through Canada Drugs and saving more than they have been through the Medicare Prescription Drug program. Canada Drugs also ensured that Mr. Stefani remains on his Medicare plan in case his situation changes and he needs "emergency coverage" which he now has.
